

Adaptive Workshop

3399 Winton Road South Rochester, NY 14623

Hours Available

Monday - Friday: 9:00AM - 3:00PM

Job Purpose and Primary Duties

Share your passion for helping and become part of our Workshop. We need volunteers to help design and fabricate a variety of adaptive equipment, office furniture and program materials to help offset the cost of buying them. You do not need to have any prior experience, just an eagerness to help and a friendly face! (our workshop has a wide variety of tools so you needn't feel pressure to provide your own)

Contact

For more information on volunteering, please contact Tina Bennett, Recreation and Volunteer Services Manager, at t_bennett@cprochester.org
