

CP Rochester did the impossible - it made me realize that I could remain in my home well past what I was beginning to think was my expiration date. With thoughtful care, consideration and skill, a walk-in shower was recently installed in my bathroom via a generous grant from CP Rochester\*\*. The grant also provided me with levers to replace all the doorknobs in my home. Each staff member with whom I was fortunate enough to come in contact was gracious, expert, and incredibly sensitive to me. Thank you and Happy Holidays from a grateful consumer.
